

Vitthalrao Patil Mahavidyalaya, Kale

Wallpaper Publication

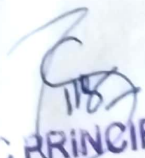

Report

On the 13 April 2023 faculty of science had arranged the wallpaper publication in our Vitthalrao Patil Mahavidyalaya, Kale. The programme was inaugurated by Ad. Ashwini Pandhare, prof. Manisha Sawant, Principal K.N Rakshase, Dr. Nitin Patil, IQAC Co-ordinator Dr. Shardul Selukar & Dr.P.L. Chavan in the presence of teaching, non teaching staff and all students of science faculty.

Our department of chemistry Vitthalrao Patil Mahavidyalaya Kale organized wallpaper publication. Students prepared their wallpaper on chemistry welfare. Wallpapers were based on chemistry welfare. Students explained wallpaper information and explained the use of chemistry in everyday life.

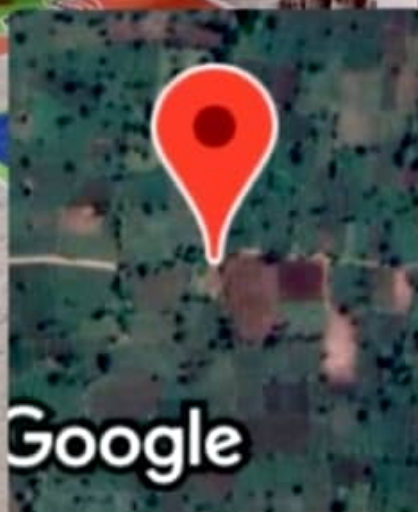

Tap water usually contains pathogens like bacteria, viruses and other parasites that cause diseases in human beings. This serious water-borne disease includes cholera, diarrhea, and typhoid. Using purified water will prevent you and your family from contracting this dangerous disease and keep you healthy. Chemistry is essential for meeting our basic needs of food, clothing, shelter, health, energy and clean air, water and soil. Chemical technologies enrich our quality of life numerous ways by providing new solutions to problems in health, materials and energy usage.

It was useful and successful celebration of chemistry welfare, which was appreciated by everyone.
