Subject: About to start "Certificate course in Statistical Computing Using R Software" in our college.

Respected Sir,

The Department of Statistics wants to start "Certificate course in Statistical Computing Using R Software" in our college. R is a computer language used for statistical computing. This course is useful for the students to know computer knowledge as well as information about R software course, what its benefits are and how to use it in future life. Please allow us to take this course in your college.

Yours faithfully

Prof. Mahadik R. G.

Certificate Course in Statistical Computing Using R Software

Introduction:

Vitthalrao Patil Mahavidyalaya, Kale (Arts, Commerce & Science)

Department of Statistics inaugural the "Certificate course in Statistical Computing Using R Software." R is an excellent software to use while learning statistics with the help of computer. It provides a coherent, flexible system for data analysis which can be extended as per users' requirements. R is an integrated suite of software facilities for data manipulation, calculation and graphical display. Many people use R as a statistical package.

Program Duration:

Minimum duration to complete this program is 03 months.

Intake Capacity: 40 Students

Registration:

The registration date for this program is start by first week of second semester of College.

Objectives:

- The basics of statistical computing and data analysis
- How to use R for analytical programming
- Object- oriented programming concepts in R
- Data visualization in R
- How to perform error handling
- Writing custom R functions

Program / Syllabus

Week 1: Basic fundamentals, installation and use of software, data editing, use of R as a calculator, functions and assignments.

Week 2: Use of R as a calculator, functions and matrix operations, missing data and logical operators.

Week 3: conditional executions and loops, data management with sequences.

Week 4: Data management with repeats, sorting, ordering, and lists.

Week 5: Vector indexing, factors, Data management with strings, display and formatting.

Week 6: Data management with display paste, split, find and replacement, manipulations with alphabets, evaluation of strings, data frames.

Week 7: Data frames, import of external data in various file formats, statistical functions, compilation of data.

Week 8: Graphics and plots, statistical functions for central tendency, variation, skewness and kurtosis, handling of bivariate data through graphics, correlations, programming and illustration with examples.

Q.1 Create a data frame of the following two vectors:

price: 10 15 30 42 50 60

qty. : 4 20 15 10 16 8

Add vector/ variable named value = price * qty in the created data frame.

Q.2 Represent the following data by a pie diagram.

Commodity	Expenditure
Food	300
Rent	200
Clothes	125
Education	110
Savings	90
Miscellaneous	75

Q.3 Fit a normal distribution to the following data on weight of number of persons in a certain locality:

Weight (kg)	40-45	45-50	50-55	55-60	60-65	65-70	70-75	75-80
No. of persons	3	18	45	62	51	34	9	2

Q.4 An I.Q. test was administered to 5 persons before and after they were trained. The results obtained are given below.

Candidate no. : 1 2 3 4 5

I.Q. before training : 110 120 123 132 125

I.Q. after training : 120 118 125 136 121

Q. 5 Following are the data on yield per plot after applying the 3 treatments A, B & C

Treatment	Observations
A	23,67,41,56,40
B	37,45,51
C	32,28,26,46

Carry out the ANOVA by verifying the assumptions.

(i) The assumption of normality of observations. (ii) Test the hypothesis of equality of variances using Bartlett test.

CERTIFICATE COURSE IN SOIL ANALYSIS

INTRODUCTION:

Vitthalrao Patil Mahavidyalaya, Kale Department of Chemistry inaugurated the certificate course of soil analysis. Everyone knows the importance of soil in farmer life. Our college is situated in rural area where farming is primary job also our college student to farming. Soil analysis gives valuable information, essential for soil quality improvement. By tracking the exact amount of soil nutrients a farmer can easily adjust fertilization in accordance with soil and crop requirements. Hence remember the importance of soil analysis our college starts the course.

PROGRAMME DURATION:

Minimum duration to complete this program is 02 months.

Intake Capacity: 50 Students (First in first come basis)

REGISTRATION:

The registration date for this program is start by the first week of first semester of college.

OBJECTIVES:

To give farmers a service leading to better and more economic use of fertilizers and better soil management practices for increasing agricultural production and to aware student about infertility of soil and importance of soil analysis. To teach student how to reduce use of fertilizers in soil.

PROGRAMME/SYLLABUS

Duration	Activities
First and Second Week	Properties of soil
Third and Fourth Week	Fertility status of soils
Fifth and Sixth Week	Soil profile and classification
Seventh and Eights Week	Conservation and Management
Test	

Soil testing was initiated in the country in the beginning of planning era by setting up of 16 soil testing laboratories during 1955. Government of India has been supporting this program during different plan periods to increase the soil analyzing capacity in the country. Up until then scientists had seen soil as merely a medium for holding plants upright so that nutrients could be furnished by water and manures.
