The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

Annexure IV

Best Practice I

1. Title of the Practice - “Mahavidyalaya Aapalya Dari” (College on Your Door)

2. Goals

- To bring maximum rural students in the flow of Higher Education.
- Create awareness among students and their parents about higher education.
- Motivate Girl students and their parents for UG and PG admission.
- To fulfil educational need of the regional learners.

3. The Context - For bringing maximum students in the flow of higher education we decided that we must go door to door of students, who passed XII exam, also reach to those who left their education because of various reasons during graduation, to understand their problems. Therefore in June 2009 initially we started this activity.

4. The Practice - After declaration of results of XII standard, proper homework and planning is done. After that Faculty members visit about 40 villages by motorcycle to persuade students for UG and PG admission. We pay special attention to girl students for increasing their participation in higher education. We persuade the parents who are unwilling and afraid of sending their daughters to college for security reason.

Once the admission process is over, Principal with faculty member visits some neighboring villages where we arranged an interactive meeting with some eminent and responsible persons of the village and parents of our students. Principal addressed the parents, villagers and tried to communicate the objectives and priorities of the college. He tried to know the difficulties and problems of parents, villagers. This free frank discussion between Principal and parents/ villagers removed so many doubts and misconceptions of parents/ villagers.

5. Evidence of Success -

- Consistently increase in enrolment and result
- Understanding the needs of society through two way communication channel.
- Regular interaction with Student, Alumni and Parent.

6. Problems Encountered and Resources Required

- Unawareness and unwillingness of parents to send their students specially girl students for higher educations.
- Most of the parent seeks financial assistance from college, but college can provide financial relaxation/assistance to limited students.
- The weather (rain) especially at the time of admission process is a big problem for our faculty.

Best Practice - II

1. Title of the Practice - 'Research Club'

2. Goal:

- To promote research aptitude among teachers and students of our college.
- To provide a platform for faculties to present and publish their research work.
- To motivate students to involve in research work.

3. The Context: At initial stage a few faculty members use to present and publish their research papers. Hence there was formation of Research Club (2010-11).

4. The Practice: Since 2015-16, the Research Club is much active in organizing Research Exhibition, Publication number is increased, Project Proposals are send, National Seminar is organized, faculties are sent to participate in courses, training, conferences, workshops, etc.

5. Evidence of Success –

- Quantitative and qualitative improvement in faculty research work.
- Publication, writing, participation in various activities is boost up.

6. Problems Encountered and Resources Required -

- Additional Resources such as – Guest Lectures, Books, Journals, Periodicals etc. required.
